Website Leak Report

For **Jaanki Hospital** · https://jaankihospital.in · audited 14 Oct 2026 · load 3.8s · CLS 0.015

Overall	Conversion	Reliability	Speed	Trust
74/100	**27**/40	**25**/25	**14**/20	**8**/15

01 Your top leaks

1 high **No action button visible in the header on mobile**

On phones, most visitors never scroll — without a top button they can't reach you at all.

2 medium **No WhatsApp click-to-chat**

Many visitors prefer WhatsApp over forms — you're losing the channel they actually use.

3 medium **Homepage loads in 3.8s**

Slower than the 2.5s where conversions start to drop.

Your site as visitors see it today

02 Growth gaps (beyond the website)

1 **Reviews split across two Google listings**

One listing shows 4 reviews (5.0★) while another at the same address holds 88 reviews at 4.1★ — your proof is divided, so each listing looks weaker than your real patient base.

2 **Zero reviews on your website**

No patient testimonials on the homepage and no link to your Google reviews — visitors arrive, see no proof other patients chose you, and keep searching.

3 **No active Meta ads**

No ads found for Jaanki Hospital — while other Bhopal hospitals are running live Facebook/Instagram ads (checked 16 Oct 2026).

03 What Nexg does

FIX — websites, dead forms, speed, the leaks above. **GROW** — Google & Meta ads, content, reviews. **AUTOMATE** — AI enquiry assistants, WhatsApp bots, CRM.

> Recent work: we designed and built the website for a Bhopal dental practice — the same kinds of leaks, all fixed and live.
