01 Your top leaks

1 critical **Your contact page has no form**

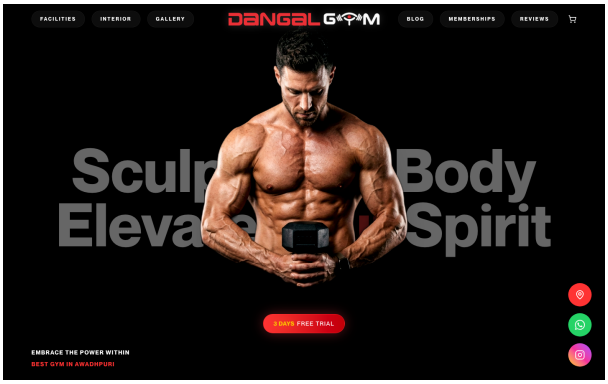

Most visitors won't open their mail app and type — those enquiries silently drop.

2 high **No action button visible in the header on mobile**

On phones, most visitors never scroll — without a top button they can't reach you at all.

3 high **Homepage takes 9.6s to fully load**

Every extra second of waiting cuts conversions — most visitors leave before it finishes.

02 Growth gaps (beyond the website)

1 **Google listing points to a dead domain**

The Google business profile's website field reads www.dangalgym.in, which does not exist — every "Website" click from Maps drops a warm lead. Your live site is dangalgym.xyz.

2 **Review badge doesn't match Google**

Your site shows 4.9★ / 180+ Google reviews; Google actually shows 4.6★ from 267 — anyone who cross-checks sees a different business.

3 **No active Meta ads found**

The free-trial and discount offers run with zero paid support — Meta Ad Library shows no active ads for Dangal Gym (searched 16 Oct 2026).

03 What Nexg does

FIX — websites, dead forms, speed, the leaks above. **GROW** — Google & Meta ads, content, reviews. **AUTOMATE** — AI enquiry assistants, WhatsApp bots, CRM.

> Recent work: we audited and rebuilt our own site, nexg.tech — it scored 74/100 before we fixed it.
