01 Your top leaks

1 critical **No contact page found**

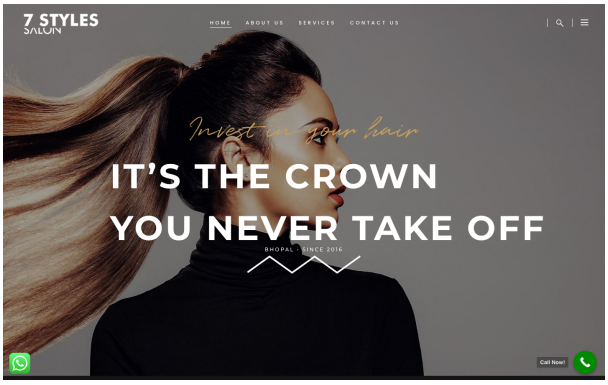

Visitors who want to buy have nowhere clear to go — they leave instead of asking.

2 high **No action button visible in the header on mobile**

On phones, most visitors never scroll — without a top button they can't reach you at all.

3 medium **No WhatsApp click-to-chat**

Many visitors prefer WhatsApp over forms — you're losing the channel they actually use.

02 Growth gaps (beyond the website)

1 **Google listing publishes a different email than the website**

Listing shows 7stylessalon@gmail.com while the site publishes info@7styles.in — listing-triggered enquiries land in a different inbox.

2 **No paid social for a consumer salon**

No Meta Pixel and no ads in Meta Ad Library — a salon with 489 Google reviews runs no measurable Instagram/Facebook ads.

3 **Business facts conflict across public platforms**

WedMeGood says founded 2014 under 'Mr. Akash', site says 2016; press quotes 4.8 rating vs actual 4.6 — inconsistent facts dilute trust.

03 What Nexg does

FIX — websites, dead forms, speed, the leaks above. **GROW** — Google & Meta ads, content, reviews. **AUTOMATE** — AI enquiry assistants, WhatsApp bots, CRM.

> Recent work: we audited and rebuilt our own site, nexg.tech — it scored 74/100 before we fixed it.
