01 Your top leaks

1 **medium** **No WhatsApp click-to-chat**

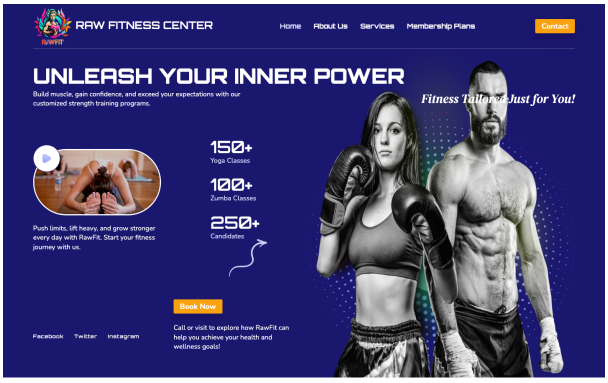

Many visitors prefer WhatsApp over forms — you're losing the channel they actually use.

2 **medium** **No main heading (H1) on the page**

Visitors can't tell what the business offers in 3 seconds.

3 **medium** **No reviews, testimonials or client proof on the page**

New visitors have no reason to trust you over an established competitor.

02 Growth gaps (beyond the website)

1 **Website social icons are dead placeholders**

FB/Twitter/Instagram icons link to '#!' although the gym runs Instagram @rawfitnessbhopal (216 followers) — site clicks reach nothing.

2 **Primary trial CTA is a dead link**

The main 'Start your 14 Free Trials' button points to '#' — the free-trial hook goes nowhere.

3 **Listing contact details don't match the website**

Google-aggregated listing shows a BHEL address and 0755 number; site lists Danish Kunj, Kolar Road with different mobiles — walk-ins can land at the wrong place.

03 What Nexg does

FIX — websites, dead forms, speed, the leaks above. **GROW** — Google & Meta ads, content, reviews. **AUTOMATE** — AI enquiry assistants, WhatsApp bots, CRM.

> Recent work: we audited and rebuilt our own site, nexg.tech — it scored 74/100 before we fixed it.
