01 Your top leaks

1 high **No action button visible in the header on mobile**

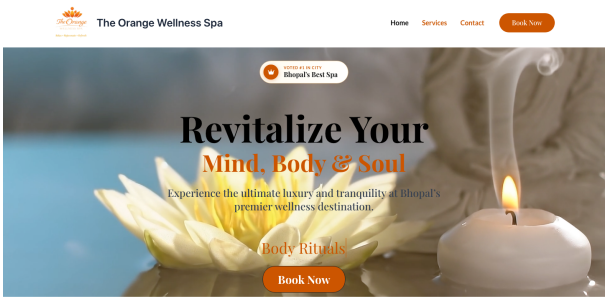

On phones, most visitors never scroll — without a top button they can't reach you at all.

2 high **Homepage takes 4.3s to fully load**

Every extra second of waiting cuts conversions — most visitors leave before it finishes.

3 medium **No main heading (H1) on the page**

Visitors can't tell what the business offers in 3 seconds.

02 Growth gaps (beyond the website)

1 **No social channel linked or findable**

Footer social icons link to nothing, and no Instagram/Facebook account for this spa could be found — no audience to turn clients into repeat bookings.

2 **Rating claim can't be verified**

The site displays "4.9/5.0 Excellent Rating" beside a Google logo, but there is no link to any review page — visitors cannot check the claim, so it builds no trust.

3 **No active Meta ads found**

Meta Ad Library (India, active) shows no ads for this spa — bookings run with zero paid support (searched 16 Oct 2026).

03 What Nexg does

FIX — websites, dead forms, speed, the leaks above. **GROW** — Google & Meta ads, content, reviews. **AUTOMATE** — AI enquiry assistants, WhatsApp bots, CRM.

> Recent work: we audited and rebuilt our own site, nexg.tech — it scored 74/100 before we fixed it.
