01 Your top leaks

1 high **Your contact page has no enquiry form**

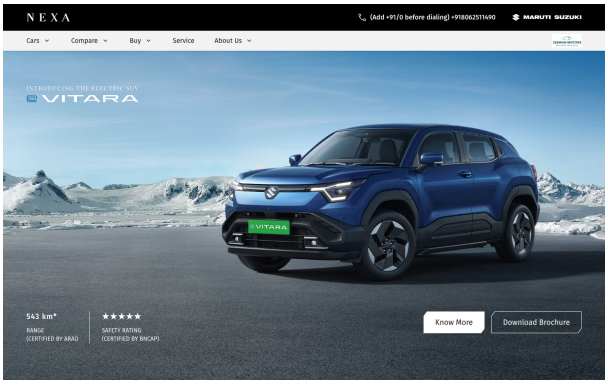

No easy way for a visitor to reach you — every interested visitor is a lost lead.

2 medium **No WhatsApp click-to-chat**

Many visitors prefer WhatsApp over forms — you're losing the channel they actually use.

3 medium **Homepage loads in 3.8s**

Slower than the 2.5s where conversions start to drop.

02 Growth gaps (beyond the website)

1 **Contact Us page publishes no phone or email**

NEXA Hoshangabad Road contact page has only a test-drive link — high-intent buyers can't call the showroom from the site.

2 **Fragmented multi-domain web presence**

Separate dealer domains with no brand hub; aggregators list arenaofarerahills.com as the company site — authority and reviews split across domains.

03 What Nexg does

FIX — websites, dead forms, speed, the leaks above. **GROW** — Google & Meta ads, content, reviews. **AUTOMATE** — AI enquiry assistants, WhatsApp bots, CRM.

> Recent work: we rebuilt a Bhopal auto dealer's website after the same kind of audit.
