01 Your top leaks

1 high **Your contact page has no enquiry form**

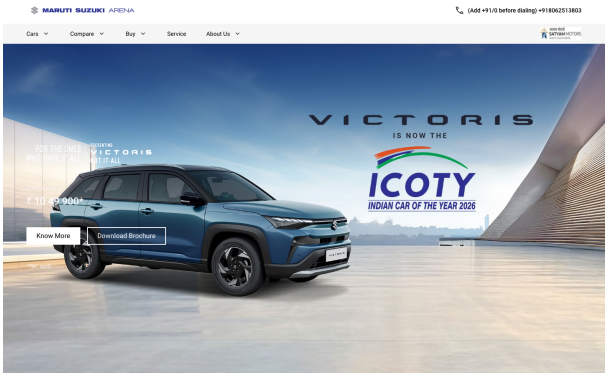

No easy way for a visitor to reach you — every interested visitor is a lost lead.

2 medium **No WhatsApp click-to-chat**

Many visitors prefer WhatsApp over forms — you're losing the channel they actually use.

3 medium **No reviews, testimonials or client proof on the page**

New visitors have no reason to trust you over an established competitor.

02 Growth gaps (beyond the website)

1 **Contact Us page publishes no phone or email**

Misrod showroom's contact page offers only a test-drive link and form — a caller gets no number.

2 **Used-car enquiries split to a second domain**

True Value enquiries run on truevalueofmisrod.com, also form-only — two domains, neither publishing a direct contact line.

03 What Nexg does

FIX — websites, dead forms, speed, the leaks above. **GROW** — Google & Meta ads, content, reviews. **AUTOMATE** — AI enquiry assistants, WhatsApp bots, CRM.

> Recent work: we rebuilt a Bhopal auto dealer's website after the same kind of audit.
