01 Your top leaks (6 found)

1 high **Your contact page has no enquiry form**

No easy way for a visitor to reach you — every interested visitor is a lost lead.

2 medium **Homepage loads in 2.5s**

Slower than the 2.5s where conversions start to drop.

3 medium **First content appears after 2.6s**

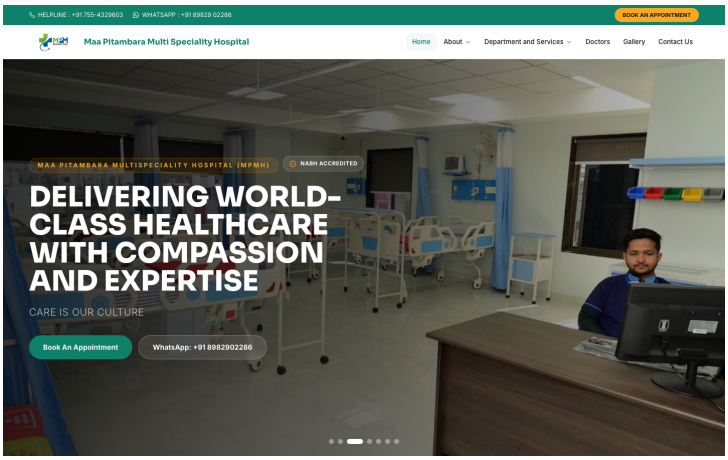

Visitors stare at a blank screen — many bounce before seeing anything.

4 medium **No reviews, testimonials or client proof on the page**

New visitors have no reason to trust you over an established competitor.

5 low **No pricing visible anywhere**

Buyers self-qualify on price — hiding it delays every conversation and filters out ready customers.
