01 Your top leaks

1 high **No action button visible in the header on mobile**

On phones, most visitors never scroll — without a top button they can't reach you at all.

2 medium **No WhatsApp click-to-chat**

Many visitors prefer WhatsApp over forms — you're losing the channel they actually use.

3 medium **6 small tap target(s) on mobile**

Mobile users misclick links and buttons — frustration, then they leave.

02 Growth gaps (beyond the website)

1 **Reviews split across duplicate Google listings and two websites**

Unisex Salon listing (4.8, 5217 reviews) links nikky-bawa.com; Ladies Salon listing (4.5, 2535) links nikkybawa.in — proof split across two domains.

2 **Listing contact data contradicts the website**

Three different phone/email sets across listing, site and second domain — enquiries scatter.

3 **No paid social despite a large following**

No Meta Pixel and no ads — the brand (75K+ Instagram followers on Ladies handle) has no retargeting funnel.

03 What Nexg does

FIX — websites, dead forms, speed, the leaks above. **GROW** — Google & Meta ads, content, reviews. **AUTOMATE** — AI enquiry assistants, WhatsApp bots, CRM.

> Recent work: we audited and rebuilt our own site, nexg.tech — it scored 74/100 before we fixed it.
