## 01 Your top leaks

1 high **Homepage takes 16.4s to fully load**

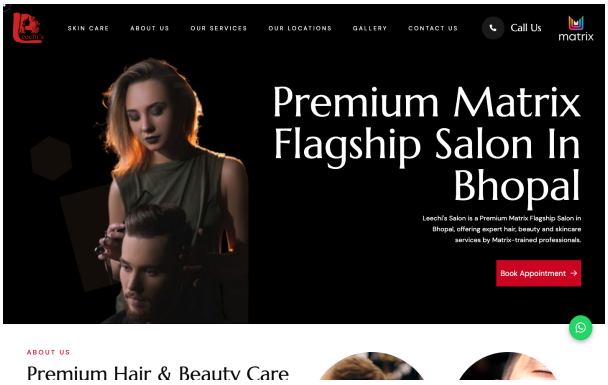

Every extra second of waiting cuts conversions — most visitors leave before it finishes.

2 medium **First content appears after 5.2s**

Visitors stare at a blank screen — many bounce before seeing anything.

3 medium **No reviews, testimonials or client proof on the page**

New visitors have no reason to trust you over an established competitor.

## 02 Growth gaps (beyond the website)

1 **Three Google listings fragment reviews, one with no website**

Family Salon shows 3.7 from 3 reviews with no site linked, while two flagship listings hold 240 and 334 reviews — ranking and clicks split three ways.

2 **Site review claims far exceed actual Google ratings**

About page claims '1000+ Client Reviews' but best listing is 4.4 from 334 — cross-checking customers see a mismatch.

3 **No paid social for a multi-branch consumer salon**

No Meta Pixel, no ads — three branches and a skin-clinic sub-brand with no measurable paid funnel.

## 03 What Nexg does

**FIX** — websites, dead forms, speed, the leaks above. **GROW** — Google & Meta ads, content, reviews. **AUTOMATE** — AI enquiry assistants, WhatsApp bots, CRM.

> Recent work: we audited and rebuilt our own site, nexg.tech — it scored 74/100 before we fixed it.
